Nama paket

Beberapa hal penting antara lain :

1. **System Info** - artinya pelanggan hosting anda akan dapat melihat spesifikasi server anda.

2. **Suspend at limit** - ini artinya apabila akun pelanggan atau user anda nantinya melebihi paket yang sudah anda tentukan maka akun akan otomatis tersuspend

Manage User Packages

Menu manage user packages berfungsi untuk mengelola paket hosting yang telah anda ciptakan sebelumnya. Perhatikan gambar berikut ini

The screenshot displays the DirectAdmin control panel. The main content area is titled 'Manage User Packages'. Below this, there is a table with columns: Package, Bandwidth, Disk Usage, and Select. The first row shows a package named 'default' with 'unlimited' bandwidth and '1000' disk usage. A red circle is drawn around the 'Package' column header, and a red text annotation 'klik nama paket untuk merubah spek' (click package name to change specs) points to it. To the right of the table is a 'Delete Selected' button. The right sidebar shows the user's account information, including 'Access Level' (Admin Level, Reseller Level, User Level) and 'Your Account' statistics (Disk Space, Bandwidth, E-Mails, Ftp Accounts, Databases, Domains, Users).
