Panduan Directadmin Reseller Level

Berikut ini adalah panduan control panel directadmin reseller level oleh pusathosting.com. Pada reseller level ini pembahasan akan berfokus

- Membuat dan Merubah Paket Hosting
- Menambah dan Menghapus User / Pelanggan hosting
- Menentukan nameserver
- Backup data pelanggan hosting

dan berikut ini adalah tampilan dari directadmin reseller level.

The screenshot shows the DirectAdmin Reseller Level control panel. The interface includes a top navigation bar with icons for Home, Webmail, Password, Help, Files, and Logout. A search bar is located below the navigation bar. The main content area is divided into three sections: Account Management, Reseller Tools, and Extra Features. The Account Management section includes links for Add New User, List Users, Manage Tickets, Add Package, Manage User Packages, and Edit User Message. The Reseller Tools section includes links for Change Passwords, Reseller Statistics, IP Management, Skin Manager, and Manage User Backups. The Extra Features section includes links for System Info, Nameservers, Message All Users, and Contact Administrator. On the right side, there is a sidebar with a Message System notification (14), Access Level (Admin Level, Reseller Level, User Level), and a table for Your Account showing usage and limits for various resources.

	Used	Max
Disk Space (MB)	509.85	unlimited
Bandwidth (GB)	0.0350	unlimited
E-Mails	3	unlimited
Ftp Accounts	2	unlimited
Databases	1	unlimited
Domains	1	unlimited
Users	1	

Add Package

Add Package atau menambah paket fungsinya pada menu ini anda dapat membuat paket shared hosting untuk pelanggan anda.

Misalnya seperti paket hosting yang anda temukan disini

<https://pusathosting.com/standard-hosting-murah>

Contoh :

1. Space : 350MB
2. Bandwidth : unlimited
3. Email : 10 alamat

semua bisa anda definisikan melalui add package, coba perhatikan gambar dibawah ini.

DirectAdmin

Nama paket

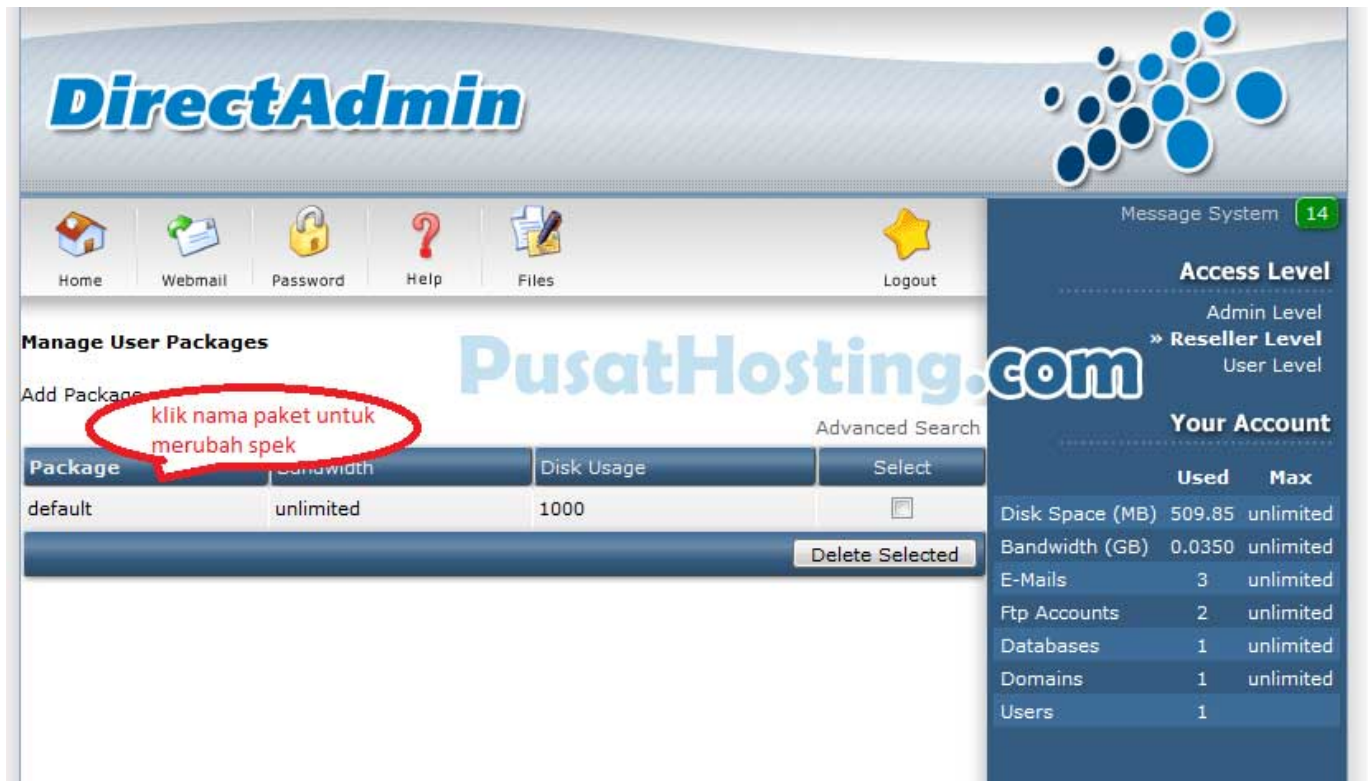

Beberapa hal penting antara lain :

1. **System Info** - artinya pelanggan hosting anda akan dapat melihat spesifikasi server anda.

2. **Suspend at limit** - ini artinya apabila akun pelanggan atau user anda nantinya melebihi paket yang sudah anda tentukan maka akun akan otomatis tersuspend

Manage User Packages

Menu manage user packages berfungsi untuk mengelola paket hosting yang telah anda ciptakan sebelumnya. Perhatikan gambar berikut ini

The screenshot shows the DirectAdmin interface. At the top, there's a navigation bar with icons for Home, Webmail, Password, Help, Files, and Logout. The main content area is titled 'Manage User Packages' and features a table with columns: Package, Bandwidth, Disk Usage, and Select. The first row shows a package named 'default' with 'unlimited' bandwidth and '1000' disk usage. A red circle is drawn around the 'Package' column header, with a red arrow pointing to it and the text 'klik nama paket untuk merubah spek' written in red. To the right of the table is a 'Delete Selected' button. On the far right, there's a sidebar with 'Access Level' (Admin Level, Reseller Level, User Level) and 'Your Account' details (Disk Space, Bandwidth, E-Mails, Ftp Accounts, Databases, Domains, Users).

Package	Bandwidth	Disk Usage	Select
default	unlimited	1000	☐

Untuk merubah paket anda cukup klik pada nama paketnya sedangkan untuk menghapus paket anda bisa lakukan dengan klik dibagian sebelah kanan nama paket dan klik delete.

Add New User

Menu **Add New User** berfungsi untuk menambah user baru dan agar bisa menambah user baru anda harus membuat paket hosting (add new package) seperti panduan diatas.

Manage User Backups

Menu **Manage User Backups** berfungsi untuk mengatur backup semua akun user atau pelanggan hosting anda dan pula me-restore data backup.

Create Backups

Membuat backup terdapat pada bagian atas yaitu opsi **Create Backup** perhatikan gambar berikut ini

The screenshot shows the DirectAdmin 'Create Backup' interface. It is divided into four steps:

- Step 1: Who**: A red circle highlights the 'All Users' radio button.
- Step 2: When**: A red circle highlights the 'Cron Schedule' radio button.
- Step 3: Where**: A red circle highlights the 'Ftp' radio button.
- Bottom**: A red circle highlights the 'Skip Suspended' checkbox.

The interface also includes a navigation bar at the top with icons for Home, Webmail, Password, Help, Files, and Logout. The DirectAdmin logo is in the top left, and the PusatHosting.Com watermark is in the center.

Anda juga bisa membuat backup dengan otomatis mengirimkan file backup melalui FTP.
