Merubah Domain Moodle 1

Merubah Domain Moodle

Untuk merubah domain di CMS moodle ikuti tutorial berikut ini

1. Edit file config.php dan cari pada

```
$CFG->wwwroot = 'http://wijayaglitter.com/rsmart';
```

2. Ganti dengan alamat baru yang anda inginkan, seperti

```
$CFG->wwwroot = 'http://rsmart.wijayaglitter.com';
```

Selanjutnya merubah setting database dengan masuk ke url
<http://moodledomain.com/admin/tool/replace/index.php>

Kemudian ubah seperti ini

[Moodle Description](#) [Home](#) [Dashboard](#) [My courses](#) [Site administration](#)

Search whole database for

!

wijayaglitter.com/rsmart

usually previous server URL

Replace with this string

!

rsmart.wijayaglitter.com

usually new server URL

Additional skip tables

A list of tables (separated by commas) which should be skipped when running

☐ Shorten result if necessary

Confirm

☒ I understand the risks of this operation !

Yes, do it!

Selesai dan selamat mencoba
