Mengatasi Error hostname blocked too many error flush-host

Kemi melakukan proxy server mysql kemudian mendapati error "Host 'host_name' is blocked because of many connection errors. Unblock with 'mysqladmin flush-hosts'" Bagaimana solusinya?

Sejauh ini solusinya adalah menambah max_connect_errors sebanyak mungkin

```
SET GLOBAL max_connect_errors = 10000000000;
```

Selesai.
